BOARDER'S WELCOME PACKET

Welcome,

We offer our boarders a safe haven in a quiet, professional setting where your horse is treated like a valued member of our family. Our goal is to provide high quality care in a flexible manner that meets all of your horse's individual needs. If you desire a change in routine for your horse, just ask us - we're happy to accommodate you. We also offer professional instruction for all ages and levels and work closely with our students to develop an educated seat and a soft, natural connection with the horse. Whether your goal is to compete year round or simply learn the basics, we will help you develop a personalized lesson program that fits your individual needs.

VALCOR FARM - HELPING YOU MEET YOUR RIDING GOALS, ONE RIDE AT A TIME.

The purpose of the following information request is to gather as much detail as possible on your horse's needs and your particular desires. Please bear in mind that while we try to adhere to Boarder's desired wishes whenever possible, our first concern is always the welfare and comfort of the horse, so as conditions change, we sometimes have to make decisions that may not precisely align with Boarder's instructions. If at any point you wish to alter your instructions, please just let us know and we will provide you with a new information sheet to provide updated instructions. Our goal is to foster clear communication so that we may effectively partner with you in providing your horse a safe and happy environment.

Valcor Farm works with **Mid-Hudson** veterinary clinic. Please let us know if you would like to use another vet and we will be happy to make any arrangements for you. In the event of an emergency, the 24 hour hospital we use is **New England Equine**. We routinely have a chiropractor provide services to the farm, so this service is also available should you wish to schedule an appointment for your horse. When any medical provider or farrier is scheduled to visit the farm, we will contact you in case you'd like to request any services when the provider comes onsite (which results in a lower trip charge to you than if you schedule a service independently).

We will do everything possible to reach you in the event of an emergency, but if we are unable to do so, please indicate below what measures we may take in saving your horse's life. Please note that we will do our best to make sure we consult you in advance of any medical treatment; however, our first priority is the welfare of your horse, and in no case will we allow a horse on Valcor property to be ill or injured without addressing it. For minor cuts & abrasions, it is our policy to treat these routine injuries in-house, unless you instruct us otherwise. In the event your horse appears to show signs of colic, we will always contact a vet and react according to the vet's instructions.

Preferred Vet Name (Generalist): _____

Preferred Vet Telephone Number (Generalist): _____

Preferred Vet (Specialist): _____

Preferred Vet Telephone Number (Specialist): _____

If your horse is insured, contact name / telephone number & policy number _____

(Note: please provide a copy of the policy for our file)

If recommended by vet, would you want your horse to have surgery if it might save him from a life threatening illness / injury (Note: this is only used in the event we are unable to contact you or your emergency contact)? _____

Other medical instructions? _____

Farrier Name / Number: _____

VALCOR FARM BOARDER'S WELCOME PACKET PAGE 4

At Valcor Farm, we pride ourselves in maintaining a clean, neat environment. As such, we respectfully request you treat our home as you would treat your own. If you or your horse make a mess, please do us the courtesy of cleaning up after yourself before you leave the barn. If you wish to visit the farm to ride or otherwise work with your horse outside normal business hours, please make sure you re-latch safety chains (or close doors in the winter) and turn off all lights before you leave.

In the event you wish to stop boarding with Valcor Farm, we request you provide us with a 30 day advance notice of your intended departure date.
